

A day in the life of Class 1

We like to invite our families to stay with us in the morning to take part in our Dough Gym & Funky Finger Activities. This is to help develop our gross and fine motor skills. We are all put into groups so look out for the specific groups when you come in each morning.

When our family members leave at 9am the fun begins!

We all like to gather together to do a quick registration, share our news and make sure we have all ordered our lunch. We get our brains into gear with Maths and Phonics (learning our letters and sounds).

We then get involved in lots of fun activities during the course of the morning including counting, puzzles, playing in the sand and water, learning about the world around us, writing, drawing and lots more.

This year we will be taking part in weekly baking & cooking session every Wednesday.

Some weeks we will be taking part in a class baking project and will share the finished produce with the class. Other weeks we will be making things to take home. Please can you bring a little container every week.

We all enjoy our lovely lunches provide by Dolce and the lunch staff look after us well.

After lunch we say goodbye to some of nursery children and the other children join the rest of the school and explore in the large playground.

We come back into class at 1pm where we learn about music, science and various other topics.

Our afternoons are very busy and we end the day with reading our favourite stories and singing a selection of songs.

It has been great to see parents and carers using our new app Tapestry. We are finding out lots of interesting things we didn't know about the children and enjoy sharing our news and photos with the rest of the staff and the class.

Anyone who would still like access to Tapestry, please pop in and see Mrs Fox.

This Term we are learning all about People Who Help Us and looking t our new Power of Reading book 'Everywhere Bear'

Dentist, Doctors and Nurses, Vet, Fire Brigade.

We even plan to invite some visitors in to show us how they help us and make a few visits out of school as well.
