CONCERN

It has come to our attention through discussion with the children that many of them are playing online games and computer games which are inappropriate for their age. Not only are children playing these inappropriate games they are then coming in to school, discussing them and re-enacting them!

Grand Theft Auto and Call of Duty are 18+ games
Fortnite is not suitable for persons under 12.

Some of these games may appear fine on first glance but as players get further in to the games they are exposed to portals to chat rooms where there is no safeguarding. Please protect your children from violence, inappropriate language, sexualised behaviours and links to unknown persons by knowing what they are doing on their computers and not breaking the law by allowing access to age limited games. There are limits on these for good reason!
