## Family Learning

We are offering courses for parents:

- Phonics
- Internet safety/digital awareness
- Keeping up with your children in English and Maths

### September

Our first course is a PHONICS course.

This is mainly for parents/carers of Reception and Year 1 children.

The course focusses on fun activities to support your child to learn their sounds and gain a fantastic foundation to help them learn to read and spell.

We ran this course last year and all participants thought it was great.

To sign up please let Mrs Robson know. Miss Graham will be happy to chat to anyone wanting more information.

## Birthday cakes

As you know we are a nut free school. Because of this we are often unable to allow birthday cakes in to school due to the possibility of nuts being an ingredient. To avoid disappointment we are now providing a pre-order cake service from the school kitchen at a cost of £5. Please ask at the office for order details.

## CONCERN

It has come to our attention through discussion with the children that many of them are STILL playing online games and computer games which are inappropriate for their age. Not only are children playing these inappropriate games they are then coming in to school, discussing them and re-enacting them!

Grand Theft Auto and Call of Duty are 18+ games

Fortnite is not suitable for persons under 12.

Some of these games may appear fine on first glance but as players get further in to the games they are exposed to portals to chat rooms where there is no safeguarding. Please protect your children from violence, inappropriate language, sexualised behaviours and links to unknown persons by knowing what they are doing on their computers and not breaking the law by allowing access to age limited games. There are limits on these for good reason!
